15th of September 2017

To whom it may concern:

Tarstone Ltd of Hayes House, Haystown, Navan, Co. Meath have been working on a Sub – Contract basis for Arkil Ltd on an ongoing basis for approximately the last seven years. Throughout this time they have carried out numerous types of works and services including Road Surfacing, Plant Hire, Traffic Management, Raising & Re –Setting various pieces of Street Furniture in Mastic Asphalt and joint sealing and over banding works. Throughout this time we have always found Tarstone and their staff to work in a very safe & efficient manner and capable of responding and mobilising to contracts at very short notice. I would have no hesitation in recommending them to others to carry out any of the above types of work.

Yours sincerely
